

Anna Dujan Achieves DACFP Certificate in Blockchain and Digital AssetsSM

Newest Member of The Digital Assets Council of Financial Professionals

Harvest Investment Services is proud to recognize Anna Dujan for obtaining the **DACFP Certificate in Blockchain and Digital AssetsSM** presented by the Digital Assets Council of Financial Professionals. A new survey says 92% of clients expect their advisers to give them advice about this new asset class. DACFP's certificate shows advisers how to potentially incorporate digital assets into practice management. We are constantly learning, and we may or may not incorporate digital assets in the future as regulatory, compliance and tax issues continue to evolve.
